MICHIGAN WINS.

Defeats Stanford University by Score of 49 to 0.

Pasadena, Cal., Jan. 2.—By the decisive score of 49 to 0, the Michigan uni versity football team defeated Stanford university Wednesday afternoon. The score is quite in proportion to the general superiority of the eastern men at the game of football. It does not, how the game of football. It does not, however, tell the story of Stanford's desperate, but fuille efforts against defeat.
Michigan's superior knowledge of the
game showed in every play. At kicking, general team work, running, tackling and bucking the line, the Michigan men excelled. Perhaps the strongest feature of their playing was the
phenomenal punting by Sweeley, Michigan's right end. In every exchange of
punts Stanford lost ground, which could
not be regained.

not be regained.

In the first half Stanford showed well for the first twenty minutes, forcing Michigan's line for small gains and holding her opponents when they went against her. Gradually the Michigan boys forced the ball down the field for steady gains through center and around the left and

By a series of brilliant plays that never failed to score a gain, and by the most superb team work ever shown on a football field in California, Michigan a football field in California, Michigan took the ball to Stanford's 20-yard line. Here the Californians took a determined stand, encouraged by the shouts of their partisans and withstood the terrible batterings of their line until they secured the ball on downs and then began a systematic and determined assault on Michigan's invulnerable line. Stanford tried every trick known to their men to advance, but were finally forced to resort to punting.

tried every trick known to their men to advance, but were finally forced to resort to punting.

Again Michigan hammered the line for steady gains. Clark, Stanford's left end, was disabled in a fierce scrimmage and was replaced by Preston. Michigan's star full back, Snow, scored the first touchdown and Shorts kicked goal. Three times in the first half Michigan succeeded in sending a man over the line, but once failing to add a goal. The first half ended with the score: Michigan, 17; Stanford, 6.

The second half was an exhibition of fast football. Michigan went at their opponents with all the knowledge of the game and the weight of their players. They hit Stanford's line in the middle and went around the ends. They advanced ten, fifteen and twenty yards on a play, on fake passes, fake kicks and every other known football device. In fact, so fast and fierce was their play that Stanford was bewildered and knew not how to stop the encroachment on her goal. Once or twice the Callfornians held the conquerors for downs, but the arrested progress of the Ann Arbor men was extremely brief. Again and again Snow for Michigan went over the line for touchdowns and Shorts kieked goal until 49 points had been scored.

For Michigan the brightest star in her

kicked goal until 49 points had been scored.

For Michigan the brightest star in her ranks was Snow at full back, though he scarcely eclipsed Swooley and Bernstein. Traeger for Stanford played a brilliant game, his tackling being one of the features.

The day was perfect, though possibly a trifle warm for football. The field upon which the teans met was as smooth as a floor, but very dusty. The crowd, the largest that ever attended an athletic event in Southern California, numbered about seven thousand. It presented all the animation and much more color than the average football crowd.

Kansas City Shoot.

Kansas City, Jan. 2.—The final shoot for the wingshot championship of Kansas City for 1961 was determined at Bob Elliott's Blue River Shooting park, just east of the Riue river, on the Independence Electric line Wednesday afternoon. There were 17 local shooters eligible to competition for the trophy, and the winner turned up in W. W. Herman, who killed 24 out of 25 in the main shoot, and won out in the shoot off by killing 12 more straight.

Brief Review of the Leaders in Various Sports.

Cresceus and Little Boy Stars of the Trotting World.

AMONG THE RUNNERS.

Robert Waddell Entitled to Palm For Best Work.

On the Gridleon, With Golfers and Yachtsmen.

Chicago, Jan. 2.—The Tribune briefly summarizes the stars of the sporting events of the year as follows:

events of the year as follows:

AMONG THE GOLFERS.

Although western golfers falled to capture any of the national championships they made their prowess felt in all of them. In the amateur, open, and women's events the runner up in each case was a western player.

At the amateur championships at Atlantic City Waiter Egan of the Onwentsia club and William Holabird, Jr., of the Glenview club both gave the eastern players a sample of the golf that will in the near future bring the premier honors of the game back to this section of the country. The quality of the play shown by the western contestants will undoubtedly result in one of the big events of next year coming west.

West.

The introduction of the rubber filled ball and the wonderful improvement in the play has been one of the features of the year.

RECORDS IN BOWLING.

As was the case in 1900, Chicago bowlers can again lay claim to the premier honors of the year just closing. Starting with the greatest bowling tournament of its kind ever held, they captured the five-men team championship and the individual championship. Following this tournament came the Hilinois state tournament, which was conducted in a manner which reflected great credit on the local leagues.

The wonderful growth of the game and the phenomenal performances recorded during the last four months of the year have caused even the optimists to wonder. At the present time there are fully fifty leagues in operation, while it is calculated that fully 36,000 players patronize the local alleys. Up to dath no less than forty-three scores of over 1,000 have been made in local league competitions, a record that RECORDS IN BOWLING.

AMERICA'S YACHT FASTER

AMERICA'S YACHT FASTER.

Sir Thomas Lipton's crushing defeat in his second attempt to lift the America cup was easily the feature of the yachting year, Invader's victory over Cadiliac, the defending American yacht, ranking next in importance.

When the syndicate yacht Constitution failed in the minds of the cup committee to show superiority over the old defender, Columbia, which beat Shamrock I. in 1899, while Lipton's new boat, Shamrock II., was accounted many seconds faster than the former challenger, it seemed that Lipton's golden opportunity had arrived. Three successive defeats under such circumstances would have discouraged any sportsman less game than Sir Thomas Lipton, who still maintains his intention of building a third yacht to lift the coveted cup.

TROTTING AND PACING.

Cresceus and Little Boy were easily the stars of the year in the trotting world, both breaking records in their respective classes. Cresceus was the first to astonish the world when he broke the trotting record twice in one week, first setting a mark at 2:0% for the mile at Cleveland, and again lowering it at Columbus to 2:2%. Little Boy broke the mile pacing record to wagon three times, his respective marks being 2:62, 2:01%, and 2:614. C. K. G. Billings drove him in the last attempt. George West, who died in Chicago on January 3, was one of the least attempt. George West, who ded in Chicago on January 3, was one of the least attempt. W. C. Whitney's victory in the English Derby with Volodyovski and the apparent revulsion of feeling against American lockeys and trainers, in marked contrast to the honors of 1900, was the feature of racing abroad this year.

In America there was no horse of the year like Kinley Mack in 1900. Alcedo, winner of the Suburban, and Conrov, the first 3-year-old to win the Breoklyn Handicap, were far from invincible at other United States and the suburban, and conrov, the first 3-year-old to win the Breoklyn Handicap, were far from invincible at other United States and ended the season by breaking down in a cheap race at Lakeside. Terminus, Commando, Water Color and The Parader, until he was killed, deserve mention among the 3-year-olds Garry Herrman, winter book favorite for the Derby, who "bied" in preparatory work, was the disappointment of the season after his wonderful 2-year-old form.

Among the 2-year-olds supremacy was never fully determined. Endurance by Right, bought by Mr. Whitney, seemed able to hold up the honor of the west against Yankee, Hue Girl, Nasturtium, Goldemith, or any of the eastern cracks, and her right to be called better than Abe Frank was not clear. McChesmey and Sir Oliver were late comers among western stars.

ON THE GRIDIRON.

Football continued to grow in popularity throughout the country, although interest in the west was somewhat decreased by the failure of either Chicago or Northwestern to turn out an eleven capable of winning a place in the first rank. The season was one of constant surprises and culminated in the overwhelming defeat of Yale by Harvard on the Saturday before Thanksgiving day. This gave the crimson and Michigan were in a class by themselves and both claimed the leadership, but as the two teams did not meet no definite opinion could be formed of their relative strength.

Knowles of the New York club has solicited Jesse Burkett to manage, captain and play with New York next season, with a big salary. This is Freedman's slap at Ean Johnson for sticking to A. G. Spaiding in the presidential fight of the National ledgue.

Just what the money proposition was neither Burkett nor Knowles would give out. But that New York would like to gather in Burkett there is no doubt. Knowles made Jesse an offer that nearly took the latter's breath away for a moment. It is understood it was made on a two year basis.

The offer would have been considerably better than \$10,000, for that is the size of Burkett's contract with the St. Louis American league team. Jesse will not say what he will do. It is believed Jesse will remain with Ban Johnson.

Young Corbett Will Study Medicine

Between Fights.

Denver, Jan. 2.—According to the story of his most intimate friends, Young Corbett is beginning to prepare for a rainy day. The youngster is to commence to study medicine immediately after his next fight, devoting as much time as possible to this study. No less than six of the Rothweil family are now practicing physicians of Colorado, and there are two studying medicine in this city at present. Corbett always manifested a desire to take up this study, and he will be instructed by his uncle, Dr. William Roth-

Dalias Track.

Dalias, Tex., Jan. 2.—George H. Ketcham, owner of Cresceus, drove his trotting king a mile in 2:07½ on the Dalias track Wednesday afternoon! The last quarter was trotted in 29½ seconds. When the performance was finished Mr. Ketcham said: "That is the fastest mile by 13 seconds ever traveled by a harness horse on the first of January at any place or at any time in the world's history."

history."

The event of the day was a benefit tendered by Mr. Ketcham to the association having charge of the National Confederate reunion, to be held in Dallas in April next. The gate receipts were donated to the reunion fund. The attendance exceeded 5,000 persons.

Mr. Ketcham will take Crescens to Dennison, Tex., for January 4; Waco, January 11; Austin, January 18; Montgomery, Ala., January 22; Birmingham, Ala., January 26; Atlanta, Ga., January 29.

The horse will reach Toledo, O., on re norse will reach Toledo, C., on February 2 and be placed immediately in the stud. Mr. Ketcham will not accompany him home from Atlanta, but will go over to the Charleston exposition to remain ten days, and go from there to Toledo.

DECISION FOR BERNSTEIN. Lively Fifteen Round Boxing Contest

With Tommy White. St. Louis, Jan. 2.—Joe Bernstein of New York was awarded the decision over Tommy White of Chicago by Referee Stewart New Year's day at the end of fifteen rounds of fighting, before the West End club. The decision, in the opinion of many at the ringside, was an injustice to the Chicago boxer. White landed repeatedly with left jabs throughout the fight. In the early rounds Bernstein attempted to rush, but left counters, beautifully timed, stopped him. In every round White landed repeatedly with his left on Bernstein's face. Bernstein would rally near the end of each round, and for about thirty seconds would rush and rough matters, doing, however, little or no damage to White. The man founds at 125 rounds.

AT HIS OWN EXPENSE.

Has Been Tested to 100,000 Gallons Daily Capacity.

Practically Solves a "Drouth Problem" For the City.

Wellington, Jan. 2-George H. Hunter, mayor of the city and owner of the Hunter Milling company interests, has prepared a surprise for the citizens of Wellington which will meet with hearty approval from all. He is to supply the water mains with water from the sup-posed underground stream and all at his own expense. The water is to come from a well Mr. Hunter has bored north of the mill on Jefferson avenue. The well is 36 feet deep and has nearly 20 feet of water. It is supposed to connect with the underground stream and has been tested to 100,000 gallons a day. The mayor has a three-plunger pump at the well which can pump 60,000 a day and with which he proposes to put the water in the mains

can pump who a day and wan which he proposes to put the water in the mains. The pump will be operated by an electric motor which will in turn be supplied from the mill. Everything is in readiness for the test, the council having given consent to have the city water turned off and the mains supplied with water from the Hunter well.

"If we can pump 69,000 gallons day and night," said the mayor today, "we can make some showing, I think. If this well will supply 69,000 gallons a day other wells will give as much each, and if that is possible, why, there is no doubt as to Wellington's future water supply."

It was some days ago that the mayor decided to give the city the benefit of his experiments, He kept it to himself but went quietly about getting the consent of the councilmen, which was readily given. He took the step because of the city's slowness in trying to get water to the surface.

Mr. Hunter has spent nearly \$1,000 in this work, yet he gives the city the benefit of it for nothing. It's his New Year's gift to the citizens.

To Sentence Clyde Moors,

Winfield, Kan., Jan. 2.—Clyde Moore, the young Arkansas City boy who was convicted of the murder of C. L. Wiltberger in the November term of court, was taken before Judge McBride to be sentenced. His attorneys had filed a motion for a new trial on the grounds that the court had erred in admitting much erroneous testimony and that the prosecution had introduced evidence on the theory of a conspiracy which they had never attempted to prove. Attorney Atkinson of Arkansas City argued that before the court could admit such testimony it was necessary to prove a conspiracy. After hearing the arguments Judge McBride overruled the motion and will sentence Moore the latter part of the week.

Columbus Bank Change. Columbus, Kan., Jan. 2.—The Cherokee County bank, for 15 years one of the strongest private banks in the state, has applied for a charter and will become a national bank. The train which was ditched was the through passenger bound for New York. It was a full vestibuled train. In going down the steep grade one and one-half miles west of Glencoe, the engine from some cause as yet unexplained, jumped the track at the curve and the entire train piled on top of it. Probably the only thing that prevented an appalling death list was the fact that the heavy vestibule cars did not break up in going over the embankment.

The work of rescue had to be done quickly, because the gas tanks in the cars were exploded and set fire to the wreckage. The flames spread rapidly and in a short time the entire train was burned. The engine was completely demolished and the two dead men, when taken from the debris, were horribly mangled. Collins (who went by the nickname of "Katy") was one of the oldest engineers on the road.

COMING DRAMATIC EVENTS.

Benjamin Howard will be seen in the leading role in "Secret Service" at the Crawford tonight supported by the Crawford tonight supported by the Frawley Stock company. "Secret Service," is a military play by Wm. Gillette, and is pronounced by competent critics to be the best play ever written by an American author. Mr. Howard will appear in the part formerly played by Mr. William Gillette. Mr. Gillette has been responsible for many successes, but this is his crowning achievement. The company numbers 20 people and some of them are among the best known members of the dramatic profession.

While there is an interesting story, cleverly told, in the comedy "A Wise Member" that comes to the Crawford Friday night, the entertainment does not depend on the plot of the play alone to carry it to success. There is an abundance of good songs, of impersonations, and bits of character acting that give variety as well as comicality to the performance. The piece is clean in construction and situation, and sparkles with spontaneous humor. Miss Laura Evans, a Topeka actress, takes a prominent part in the comedy.

The Lumbermen's quartette, which is one of the features with Thall & Kennedy's production of "Yon Yonson," which will be seen at the Crawford Saturday matines and night, will be heard in all the latest up-to-date songs. There will also be a number of other specialties introduced.
